# HOW IT WORKS

## Play on any TrackMan simulator

You can compete in NEXT tournaments on any TrackMan simulator running the latest software (min. version 9.1 of TrackMan Performance Studio).

## Six 18-hole individual stroke play tournaments

Each event on the NEXT Golf Tour consists of a single 18-hole individual stroke play round on a select TrackMan Virtual Golf course. The sixth and final event will be limited to the top 100 players (and ties) on the order of merit.

## Win additional payouts with dynamic side games and in-round competitions

In addition to event purses, up to \$35,000 USD is also paid out to winners of in-round side games i.e., longest birdie streaks, longest drive, closest to the pin, etc.

## Build a following on social media

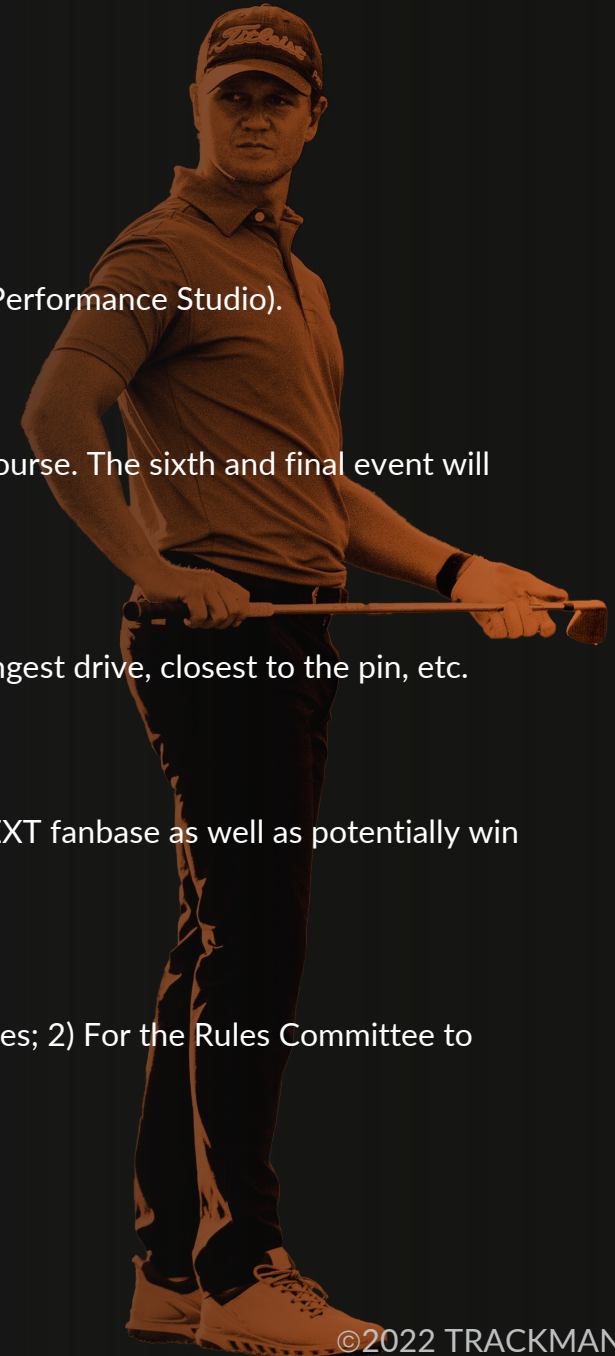

NEXT is also an opportunity to grow your following online. By posting and tagging NEXT you can get promoted to the wider NEXT fanbase as well as potentially win extra prize money.

## Video recording is required

Recording your NEXT tournament round is required for several reasons: 1) To verify the integrity of scores in the case of disputes; 2) For the Rules Committee to adjust scores as needed; 3) So NEXT can create content (i.e., highlights and highpoints) for fans.

## Two-week tournament windows

Complete rounds and submit video at any time within the tournament window.

# TOURNAMENT FORMAT

The NEXT Golf Tour is created to be easy to join, provide a true test of golfing ability, and generate entertaining content for fans.
